Ontario

# Food Share

# FoodShare

FoodShare Toronto is a non-profit community organization whose vision is Good Healthy Food for All. We take a multifaceted, innovative, and long-term approach to hunger and food issues.

At FoodShare we work on food issues "from field to table" - meaning that we focus on the entire system that puts food on our tables: from the growing, processing and distribution of food to its purchasing, cooking and consumption.

Public education on food security issues is a big part of our mandate: we create and distribute resources, organize training workshops and facilitate networks and coalitions.

**Access by TTC:** take the Bloor subway Westbound to Dufferin station and then walk one block west to Brock St. Turn south on Brock and walk down one block to the school on the corner of Brock and Croatia. *Our entrance is on Brock but our address is 90 Croatia. Look for the FoodShare sign above the door!*
